

## Education

---

<b>Siddaganga Institute Of Technology, Tumkur, Karnataka</b> <i>Bachelor of Engineering in Computer Science Engineering</i>	<b>2022-Present</b> <i>CGPA: 9.3</i>
<b>Morarji Desai Residential Science PU College, Tumakuru, Karnataka</b> <i>Pre-University Examinations (Class 12 / Second PU)</i>	<b>2021-2022</b> <i>Percentage: 97.33</i>
<b>Morarji Desai Residential School(BC), Pavagada, Tumakuru, Karnataka</b> <i>KSEEB Examinations (Class 10 / SSLC)</i>	<b>2019-2020</b> <i>Percentage: 98.88</i>

## Skills Set

---

**Programming:** C, C++, Python (basic)

**Web:** HTML, CSS, JavaScript (Basics)

**Tools and Technologies:** VS code

**Subjects:** Object-Oriented Programming (OOPs), Operating systems, Database management

**Soft Skills:** Problem Solving, Communication, Team Work, Time management

## Projects

---

### LocalTasker - Neighborhood Service Network

- Technologies Used: React, Node.js, MongoDB, Machine Learning
- Built a location-based platform that connects service providers with property owners for efficient task management.
- Technologies Used: React, Node.js, MongoDB, Machine Learning
- Developed real-time tracking using Google Maps API and implemented geolocation-based service matching.
- Created a responsive React frontend and a scalable backend with Node.js and MongoDB.
- Integrated an NLP-based review system and DBSCAN clustering to enhance service recommendations and user trust.

### THE FARM UNITY Project

- This project had given Our "The Farm Unity" 1st Position in National Level Hackathon which was in Shridevi college in Tumkur
- We are working this Project In Collaboration with CISCO thingqubator, Our Project bridges farmers, laborers, and service providers through a user-friendly software solution integrated with an IVR system. This project aims to streamline communication, simplify service requests, and provide an efficient system for managing agricultural operations. **Authentication** is handled via **JWT**, ensuring secure sessions stored within tokens.

## Participations

---

- National Level Hackathon at Shridevi Institute Of Engineering and Technology.
- Smart India Hackathon 2024 at Siddaganga Institute Of Technology.
- IBM Z Datathon 2024-A Global Datathon Event.
- Feel Employable Learning and Development intervention conducted by College for Leadership and HRD .

## **Certifications and Achievements**

---

- Certification from STEP-The Hindu Group
- Certificate from College for Leadership and HRD.
- Won First Prize in National Level Hackathon at Shridevi Institute Of Engineering and Technology for the Project "The Farm Unity".
- Institute Rank of 6 in Smart India Hackthon Conducted in College.

## **ExtraCurricular Activities**

---

- Volunteer in National Service Scheme.
- Volunteer in College Fest and Branch fest.
- I participate in weekly coding contests organized by CodeChef and GeeksforGeeks (GFG)
